Establishment of the Eurasian Economic Union (EEU) on January 01, 2015

Implementing EDI between the AECSD’s participants

 Establishment of AECSD on December 22, 2004
Ensuring EDI

The Eurasian Economic Commission (EEC) Collegium by resolution # 132 dated August 19, 2014 adopted Overall Process List within the frame of EEU

Includes 75 positions

on 18 directions

One of the directions is to ensure EDI between states-members of EEU and EEC

EDI in business activities of AECSD’s participants
Proposed topics for discussion

- Establishment of the AECSD Working Group
- Description of the interaction process between the AECSD’s depositories-members
- Description and posting of each country’s market practices at the AECSD’s website
- Implementation of EDI
  - Based on one hi-tech, sophisticated and advanced the AECSD’s depository-member
  - SWIFT
  - Newly established EDI
- Information exchange and application of the depository’s experience, where EDI has been implemented
- Teamwork approach on resolving issues emerged in the stage of making arrangements and implementation of EDI
