

# CDS eConnect:

An all-inclusive hub for  
CDS stakeholders

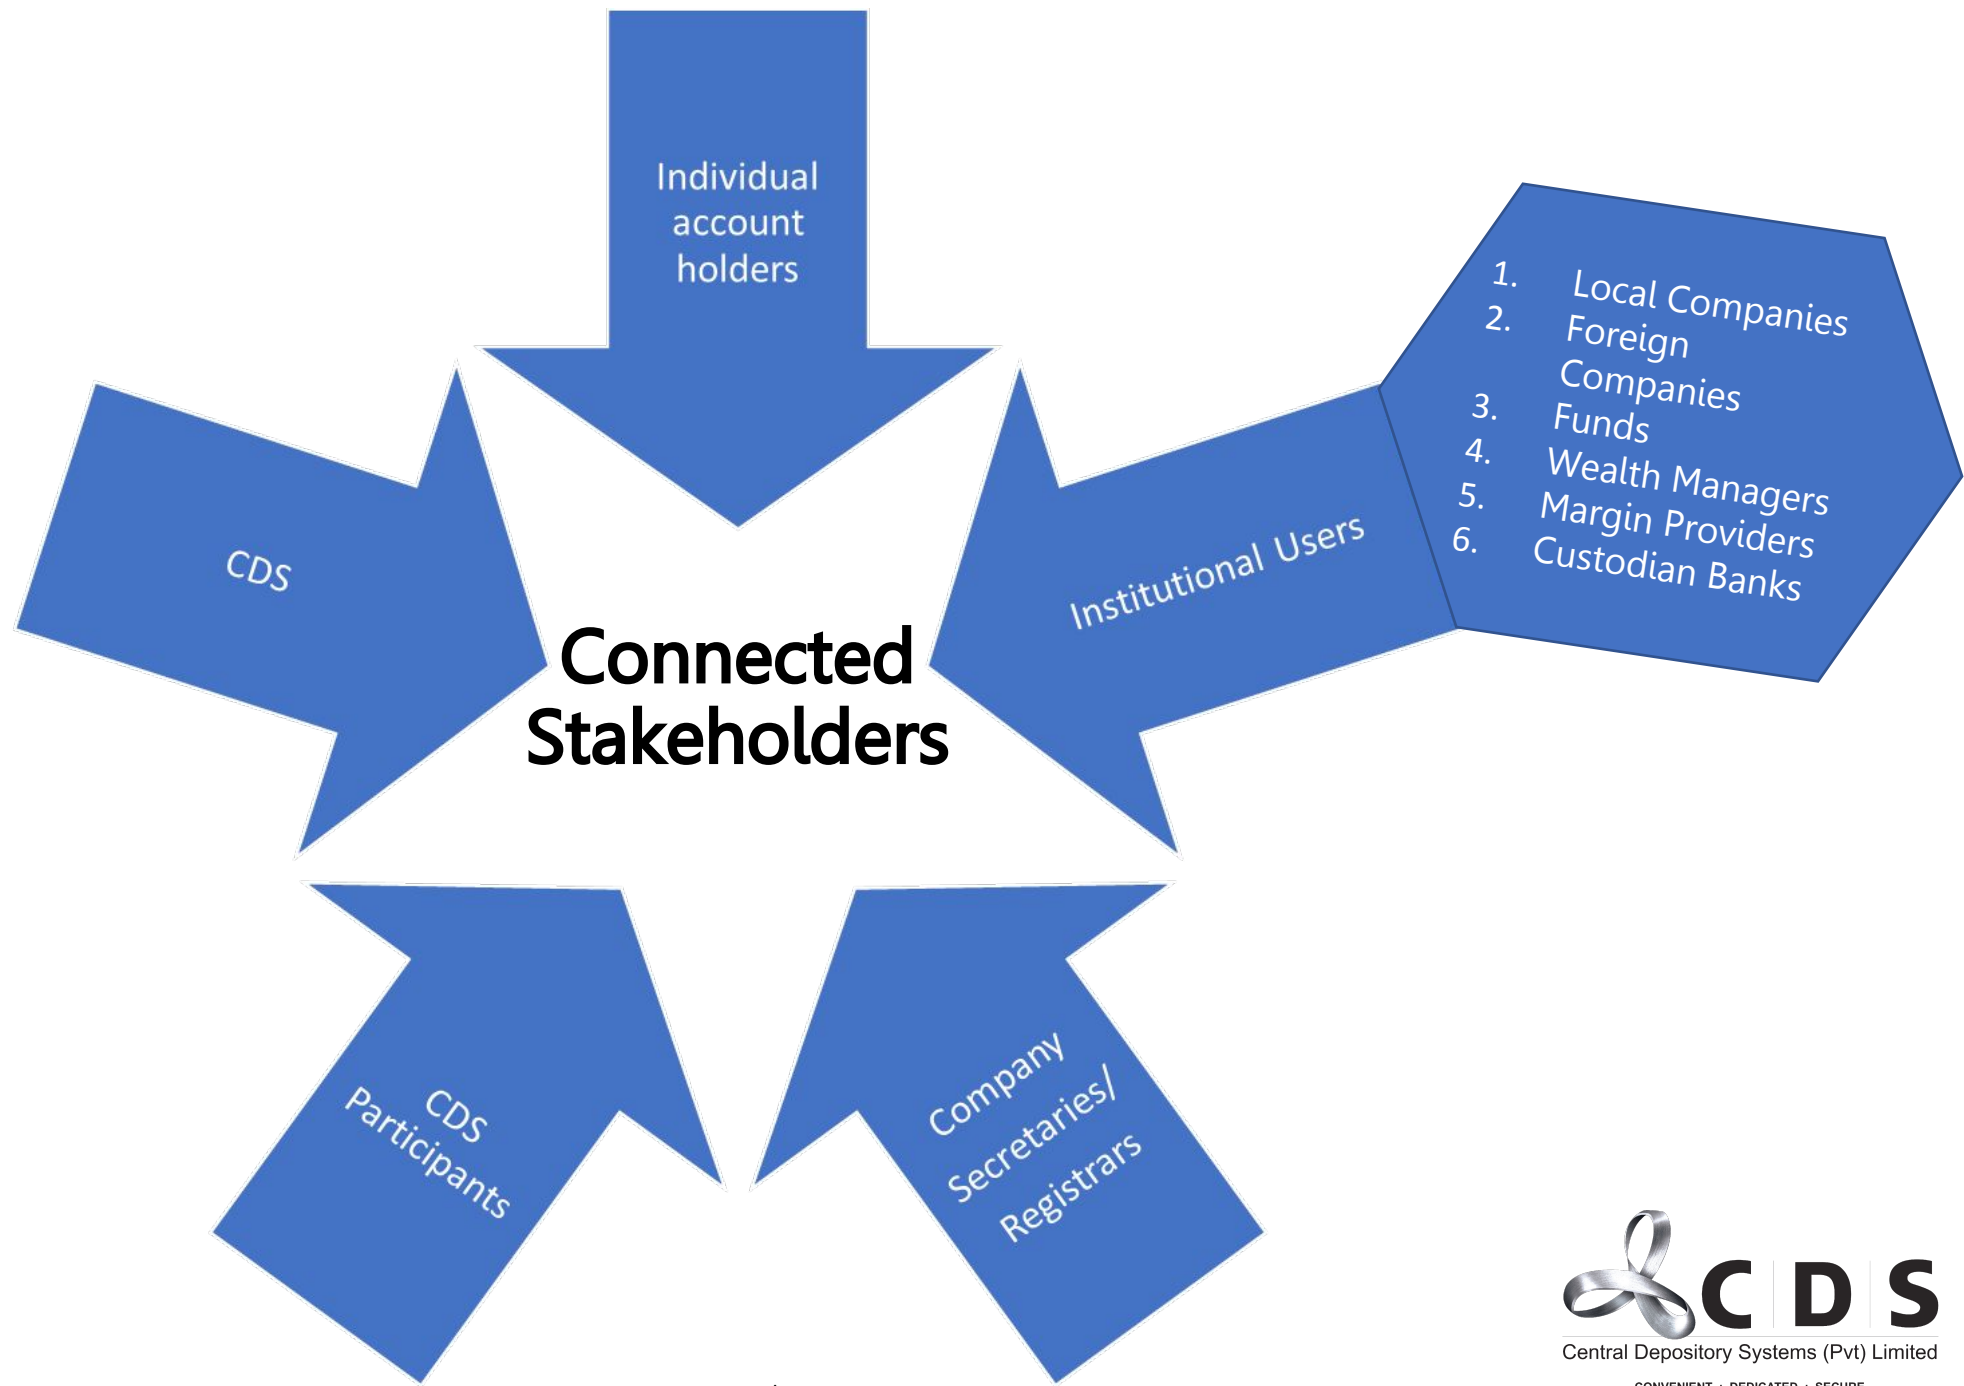

# Background

The CDS in our digitalization drive, initially introduced CDS eConnect in 2015 and launched a revamped CDS eConnect in 2021.

This is the singular access point that connects all CDS stakeholders with the CDS.

CDS eConnect serves as a service hub for CDS Participants, CDS accountholders, Company Secretaries/Registrars and CDS staff.

# How CDS eConnect changed CDS participant's role

- Simplified operations
- Access for DRP database & automated validation of NICs
- Enhanced efficiency
- Improved client servicing
- Cost saving
- Regulatory compliance
- Publication of research to respective clients
- Increased market access
- Seamless collaboration with other stakeholders

# Benefits of CDS eConnect

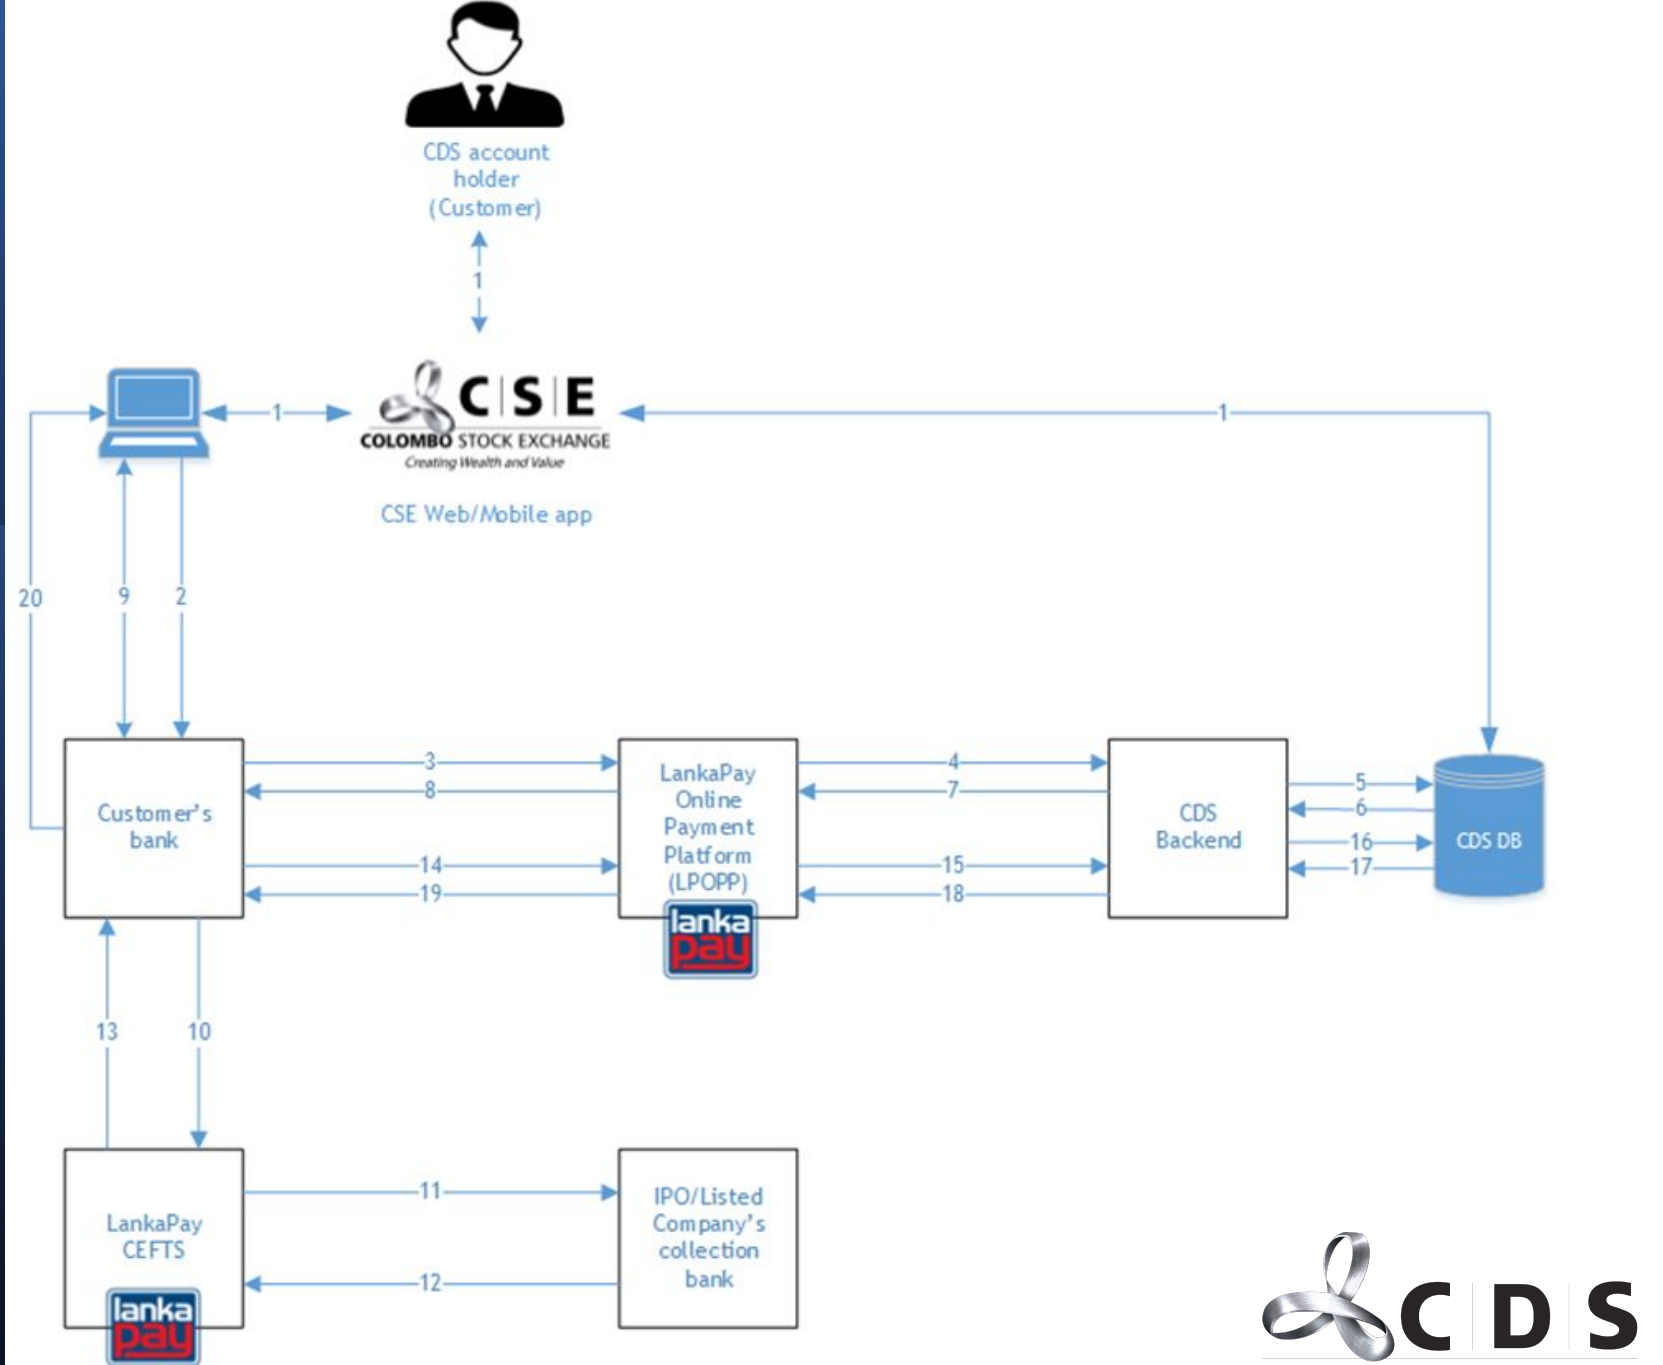

- Streamlined processes with a centralized access point
- Enhanced accessibility
- Cost savings/reductions for all stakeholders
- Improved investor experience
- Increased efficiency
- Unified platform for compliance standards
- Data integrity & security
- Future Scalability and Innovation

# New Integration of a Payment Gateway

CDS plans to join with LankaPay Online Payment Platform (LPOPP) with the approval from Payment and Settlement Department of Central Bank of Sri Lanka with the main objective of developing and improving the accessibility and service levels of our services such as eIPO & eRights.

# New Integration of a Payment Gateway

# Advantages of LPOPP Integration

**Better investor experience**

**Convenience for investors & issuers**

**Increased efficiency in reconciliation, refund & allotment process**

**Improved CDS service standards**

**Opens new avenues of service offerings for CDS**
